Dear Mr. Kinney:

On 22 December 1982, Mr. E. E. Lowry, Jr. OSD Records Administrator, forwarded to this Agency three documents with a request that we review their classification status. We have reviewed the documents and our determinations are as follows:

1. Paper, re: Ninth Meeting of Ad Hoc Committee on Berlin dated October 10, 1952, (TOP SECRET). The CIA determines that this document may be downgraded to CONFIDENTIAL but still contains material requiring protection at that level.

2. Memorandum, re: Terms of Reference for NIE-45 dated 2 December 1952, (TOP SECRET), but without a copy of its enclosure. Our classification review therefore, covers only the covering memo. The enclosure will require separate classification review before it can be released. The CIA has no objection to the declassification of the covering memo.

3. Memorandum, re: Iran, dated Nov 13, 1952, (TOP SECRET), but without a copy of its enclosure. Therefore, this classification review applies only to the covering memo. This document may be downgraded to CONFIDENTIAL, but it still contains material requiring protection at that level. The enclosure will require specific classification review to determine its current classification status.

The above classification determinations fall under Section 1.3(a)(4) and (5) of Executive Order 12356.

The three documents are returned herewith and are marked with the above determinations by this Agency.

Sincerely,

  
Chief, Classification Review Division  
Office of Information Services  
Directorate of Administration
